123 5th Avenue Kirkland, WA 98033

CASE# 2018-00048126

**CASE REPORT****NARRATIVE****18-48126****J. Klein #618****Info Case****24 Dec 2018****Narrative**

On 24 December 2018 at about 1839 hours I responded to Fairfax Hospital, located at 10200 NE 132<sup>nd</sup> St. Kirkland WA 98034, after it was reported that one patient had assaulted another patient by punching them in the face. Before arriving it was reported that both patients had been separated.

I arrived and spoke with a staff member who stated that no one witnessed the incident since it took place in the "day room" where only the victim and suspect were located. I first spoke with the patient who had been punched in the face. [REDACTED] ( [REDACTED] ) stated that she used to be the roommate of the female who had punched her. She stated that she had been punched about 2-3 times on right side of her face and had to push the other female off of her to keep from being assaulted further. As I spoke with I noted a rather large swollen knot on right side of her face. [REDACTED] told me that she did not wish to assist with prosecution for the assault but did want it documented since the other patient has made threats against her in the past.

I took photos of [REDACTED] as well as her injuries. Those photos were later uploaded into the case file.

I spoke with staff and got the other patient's information as [REDACTED] ( [REDACTED] ). They reported that [REDACTED] recently got notified that she would be remaining at the facility for longer than expected on a mandatory hold and she was lashing out at people so she would go to jail rather than stay there. Based upon [REDACTED]'s statements of not wanting to press charges for the assault as well as [REDACTED]'s elevated/agitated state I did not interview her in order to help mitigate an additional assault. Hospital staff reported they had already moved the two patients to different rooms and medicated both of them in order to get everyone calmed down.

No crime - report taken for documentation.
